ABOUT ME

I am a front-end developer based in Hannover, Germany.
I have completed my Advanced Responsive Web Development and Advanced React Development degrees from SheCodes Coding School and received my Front-End Developer Diploma. During this degree program, I gained valuable front-end developer experience through building countless apps, portfolio/marketing projects, landing pages, search engines and more.
I also have mathematics and education backgrounds as a teacher and college counselor with a Master's degree in Education. I am an American citizen and have residency and work permit also in Europe as I am currently residing in Germany.
